PROFESSIONAL SUMMARY

React Developer with over 2 years of experience in building modern web applications. Proficient in **React**, **Next.js**, and **TypeScript**, dedicated to delivering **performant**, **scalable**, and **SEO-friendly** solutions.

SKILLS

Frameworks & Libraries : React.js, Next.js, Redux, NextAuth.js
Programming Languages : JavaScript, TypeScript, HTML5, CSS3
Tools & Platforms : OpenAI API, GitHub Copilot, Git, GitLab, GitHub Actions

WORK EXPERIENCES

React Developer | Full-time Mar 2025 - Present
Artcode Private Limited Pune, Maharashtra

- **Developed and maintained Next.js applications** with a focus on **server-side rendering** and **performance optimization**.
- Leveraged AI-assisted development tools (GitHub Copilot) to enhance feature development and improve code quality.
- Executed advanced **SEO strategies**, leading to improved search engine rankings and increased organic traffic.
- **Designed responsive, mobile-first layouts** with **Tailwind CSS**, ensuring cross-browser compatibility.
- Collaborated with backend teams to design and integrate **RESTful APIs** for seamless data flow.
- **Enhanced Core Web Vitals** by implementing lazy loading, image optimization, and code splitting.

Technologies / Skills Used : Next.js, GitHub Copilot, TypeScript, Tailwind CSS

Frontend Developer | Full-time Jul 2024 - Feb 2025
Walstar Technology Kolhapur

- **Developed over 10** WordPress websites using **Elementor**, incorporating custom functionality and responsive designs.
- **Implemented custom JavaScript and CSS** to enhance interactive features beyond standard WordPress capabilities.
- **Optimized website performance** through caching, image compression, and minification techniques, resulting in improved load times.

Technologies / Skills Used : WordPress, Elementor, React, Tailwind CSS

PROJECTS

Venue Booking Platform

Developer

- Developed complete frontend for multi-vendor venue booking platform with separate user, admin, and vendor panels
- Implemented **server-side rendering** (SSR) with **Next.js** for improved SEO and faster initial page loads
- **Implemented AI-based image alt text generation** using **OpenAI API** to automatically create SEO-optimized descriptions for uploaded venue images
- **Designed AI-powered feature** (OpenAI API) for intelligent user assistance and dynamic content suggestions
- Integrated **Google Calendar API** for real-time venue availability checking and booking management
- Implemented **Stripe payment gateway** for secure transactions and booking confirmations
- Connected **WordPress headless CMS** via **REST API** to fetch and display dynamic blog content
- Implemented **role-based authentication and authorization** using **NextAuth.js** for different user types

Technologies / Tools Used : Next.js, TypeScript, Tailwind, Google Calendar API, Stripe

Frontend Engineering Lab – AI-Powered React & Next.js Platform Developer

Developer

- Developed a **full-stack AI-powered** frontend engineering platform featuring **secure authentication** and **role-based access control** (Admin, Vendor, User).
- Built product management, shopping cart, order processing, and **analytics dashboards** with a **scalable architecture**.
- Implemented **React Query caching**, **Zustand state management**, lazy loading, code splitting, and rendering optimization techniques.
- Integrated **Google Gemini AI** for code explanations, architecture insights, performance analysis, and optimization recommendations.

Technologies / Tools Used : Next.js, Redux, Tailwind CSS, Next.js 15, TypeScript, Shadcn UI, React Query, Express.js, Google Gemini AI

EDUCATIONS

D Y Patil Pratishthan's College of Engineering

B.Tech in Computer Science

- **B.Tech in Computer Science**, D Y Patil Pratishthan's College of Engineering, GPA: 8.0/10.0

2020 - 2024

CGPA : 8.0/10.0
